SRW=Single Rear Wheel DRW=Dual Rear Wheel 100/xxx=100 lbs maximum of permanently attached snow plow mounting hardware/xxx lbs maximum of removable snow plow blade and blade hardware. Maximum plow weights based on a vehicle with average manufacturer option content and 150 lbs each for driver and one additional front-seat occupant. Additional equipment and occupants will reduce maximum plow weight. Rear compensating weight may be required to maintain front axle weight below 65% of total vehicle weight when equipped with snow plow. Consult your snow plow manufacturer for specific compensating weight recommendation.

¹Map coverage for Puerto Rico and the U.S. Virgin Islands available on separate disc. Coverage not available for portions of Canada. ²Go to gmttotalconnect.com to find out which phones are compatible with the vehicle. ³Not compatible with all devices. ⁴RDS functions only where stations broadcast RDS information. ⁵If you subscribe after your trial period, *subscriptions are continuous until you call SiriusXM to cancel*. See SiriusXM Customer Agreement for complete terms at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change. For more information about NavTraffic, visit siriusxm.com/navtraffic. For more information about Travel Link, visit siriusxm.com/travelink. XM satellite service is available only to those in the 48 contiguous USA and DC. ⁶Visit onstar.com for details and system limitations. ⁷Always use safety belts and the correct child restraint for your child's age and size, even with air bags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See your vehicle Owner's Manual and child safety seat instructions for more safety information. ⁸When properly equipped; includes weight of vehicle, passengers, cargo and equipment.

¹When properly equipped; includes weight of vehicle, passengers, cargo and equipment. ²Cargo and load capacity limited by weight and distribution. ³Maximum payload capacity includes weight of driver, passengers, optional equipment and cargo. ⁴Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. ⁵Capacities and weight ratings are dependent on model, engine, transmission and GVWR combinations. See your GMC dealer for details.
